## Connection Check Report

Wi-Fi • Sample run • DX-SAMPLE-086

INTERNET HEALTH SCORE

CHECK AGAIN

### Wi-Fi conditions could be better.

Your Wi-Fi signal was weak during this check, and your phone briefly lost contact with the router during 2 of 30 checks.

#### CONNECTION PATH

##### Wi-Fi signal

Very weak

##### Connection to your router

2 of 30 checks did not answer; repeat to confirm

##### Internet access

Available

##### Finding websites

Working

##### Apps and websites

Reachable

#### WHAT TO DO NEXT

Move closer to your Wi-Fi access point or router, then check again.

If the problem continues, share this result with your provider or support team.

#### FOR SUPPORT

A separate Technical Report contains the full measurements if your provider or support team needs them.
